N.B 8.25pm Meeting taken out of session to hear Speaker 1.

Speaker 1

Declared as A resident of Fortnum Place and wished to speak about parking issues at Townsend All cars and vans park against back of houses past the double yellow lines which makes it impossible for 2 vehicles to pass, this occurs as the road narrows before the junction.

Vehicles pulling out of Townsend to turn left to the Town Centre have to pull across the road slowly and traffic is travels at a much faster speed which is a danger. It is impossible to carry out maintenance e.g. window cleaning, pedestrians are forced to walk on the roadside of vehicles to pass as there is no pavement.

N.B Meeting back in session at 8.30pm

P25 Parking in Ilminster

To consider parking issues at Townsend, Ilminster

Issues discussed included:

- Have heard issues raised from other members of the public

Chair's Initial's

- Correspondence with traffic engineer at highways has not dismissed single yellow lines but cars may move further along the road
- Cones could be placed on the road if maintenance was required
- Would be added to a schedule of works only if agreed.
- Safety and access issues – Gates are set back to allow cars out, but with these vehicles parked they have to move further into the road
- Parked cars restrict the road width
- 30 mph limit
- Some vehicles park for 3-4 weeks at a time, some large commercial vehicles
- No footpath, plants cannot be maintained when vehicles are parked
- Suggest time restricted parking e.g. 10am – 4pm which would allow access for residents
- If parking restrictions are imposed a ticket could be issued by a Traffic Warden
- Traffic order has just been revised for Ilminster, so could be some time
- Could request on grounds of road safety etc.

RESOLVED to write to SCC Highways requesting single yellow lines and a time restriction e.g. No Parking 8-6 Mon-Friday –on the grounds of Road Safety.

The Meeting closed at 20.41 hrs.
