

**ILMINSTER TOWN COUNCIL
Grant Policy and Procedures
Adopted - MAY 2025**

Policy and Procedure

Community Fund

1. Purpose

The community fund provides grants to organisations of up to £750 for projects that help and support the community of Ilminster. These grants may be used for either capital or revenue purposes.

2. Funding

2.1 For the financial year 2025-26, the council has set aside £4,000 to support local organisations with Community Fund Grants. This may be supplemented by additional funds authorised by the council from the previous year's VAT refunds.

2.2 Applications can be made for up to £750, although in exceptional circumstances grants to organisations may be made for greater amounts.

2.3 Where organisations are applying for longer than one year's support or more than £750, then it may be more suitable for a "Service Level Agreement" to be set up to assist them. This may be dealt with separately from this "Community Fund Grant Process".

3. Application and selection criteria

3.1 The council will consider grant applications from community groups and organisations that serve Ilminster even though that organisation may not be based in Ilminster. Priority will be given to applications that help and support the community.

3.2 Applications will only be considered from community groups and organisations that are a properly constituted body. This may include a group or organisation with charitable purposes, a charity or a not-for-profit company.

3.3 Groups that are part of a larger organisation can apply for funding through that organisation, provided this is clearly stated on the application form.

3.4 Applications will not normally be considered from grant-gifting organisations, i.e., those who allocate grants to others, profit-making organisations and companies, or individuals.

4. What can the grant be used for?

4.1 Grants may be requested for either Capital or Revenue funding. Examples of which are contained at the end of this policy.

4.2 The grant should be used in order to make Ilminster a better place to live, work and play.

5. What can't the grant be used for?

- 5.1 Any costs not directly associated with the project.
- 5.2 Retrospective funding, i.e. money already spent.
- 5.3 Paying off debts already incurred.
- 5.4 Costs that have already been funded elsewhere, i.e. no 'double funding'.

6. Other

- 6.1 Groups and organisations applying for a community fund grant must:
 - 6.1.1 Comply with this policy and procedure.
 - 6.1.2 Complete an 'end of project' report that will be part of the Annual Town Meeting.
 - 6.1.3 Spend their grant money within the financial year (unless written agreement from Ilminster Town Council has been given).
- 6.2 Groups and organisations applying to the community fund must provide details of any funding from other sources, including fundraising or applications to other grant-awarding bodies.
- 6.3 The council will look favourably on organisations that show evidence of self-help, either by fundraising or obtaining funds from other sources. Priority will be given to applications that demonstrate how they help and support the community of Ilminster.
- 6.4 Applications to the community fund can be made in consecutive years. In such instances, the council will be mindful of the benefits obtained from previous grant applications.
- 6.5 Applicants must ensure that they adhere to the Equalities Act 2010 and declare that the project does not discriminate against potential users who fall within the definition of 'protected characteristics' as defined by the UK Government¹

9. Selection process

- 9.1 Officers may contact organisations to clarify information or to access missing information. If an organisation cannot clarify or obtain information, its application will not normally go through to the next stage.

All of these examples can either be for education, leisure or to support health and wellbeing.
