

Very narrow path for
pedestrians and
children when vehicles
travelling at excessive
speeds

Local roundabout by Screwfix where there are 15 cycle path signs but not one speed limit signs!

Using a rough online speed calculator over a set distance I have recorded cars going both up and down the hill in excess of 60 MPH on Station road, clearly this is very dangerous and something that needs to be addressed as soon as possible and I will hope that the council will agree with us.
