

A616A

Proposed new traffic signals for entrance to Service Area and pedestrian crossing

A303 crossing remains of concern.

- No traffic control
- 4 lanes of traffic challenging for wheelchair users, less mobile and children

Proposed site for new bridge, linking Ilminster to the Southfields/Taunton walking/cycling route

- Safer for cyclists, pedestrians, wheelchair users, the less mobile and children
- Separates pedestrians and other users from fast moving traffic
- Connects Ilminster to cycle/pathway to Taunton
- Promotes healthier alternatives to car journeys
- Links Monks Yard, Jordans, Ilminster Services, Broadway and Horton to Ilminster without the need of a car.

Proposed connection to improved cycle/walking route from Southfields to Taunton
