

**Post it notes on general / layout**

Looks Great

Nice to have places to chat

Cool!

Looks Good

Great!! Glad no dogs allowed; love the meeting places; Don't think sand would last

Please can you open the toilets all day if you are going to improve play area

The playship is great, visited one at Sundown adventureland at Rampton

The sand and water play is brilliant in the summer. We used to go to Stratford Upon Avon for the day just for

No dogs allowed

Pathways built in recycled boards

**Post it Notes on pictures of meeting points /shelters**

Great to have a teenage area

Very imaginative wonderful idea

plenty of dog bin poo here

Love the meeting points excellent

Great idea

Good idea dog free

Like the "snail" cage - ability to pick up with?

Good example of sand area at country park in Carterton Oxon, - pulleys-diggers-kinds bring spades etc

Love the youth cage

This is a great idea

**Post it Notes on pictures of sand and water play (1)**

WC

Not keen on sand and water

There should be dogs allowed

Not dog free

water play consider summer only water area with sprays - Witney park oxen, as example

Bluetooth connectivity in the meeting point for music?

No water sandpit good but needs to be dog free - fencing

Pleanty of dog bins

Dogs allowed

I'm very for the sand + water, summer time + constant 24 entertainment every child loves the beach. I don't

fear for water as all children should be supervised all times

**Post it Notes on pictures of sand and water play (2)**

Great idea !

This is an exciting new idea!

Fencing? For safety and no dogs allowed

**Post it Notes on pictures basket swings**

I've played on these lots there amazing

love basket swings

like these

Kids love this

like it!

love it!! Very aesthetic

like the basket swings

in ground trampolines?

**School's feedback**

### Thumbs Up

Zip wire

Summer picnics in picnic area

love the playship because it has a slide

love the sandpit

zipwire because its long & fast

tyre swing because we can rock in it

spring sea saw because I can spring up & down

Thumbs down

sand pit because it will get in my shoes and some boys will throw sand in my eyes

worried about older children being silly on the curved slide

roundabout because it goes too fast

### Positives

like the idea of the slide and water pump

also like the play-ship because it is for all ages

good idea with the aerial runway

like the sand area and new access ramp - gives everyone a chance to play

the idea of a change is good - the community needs it

there is more play equipment for the younger children

there will be things for a variety of ages

good range of things for all people

there are new things - more people might go to the Rec

we liked everything, specifically the basket swings

variety of things - you don't have to keep going on the same things

more activities for smaller children

bigger slide for older children

the new access ramp will allow access for everyone

like the new patio and seating area because people can have picnics in the summer

### Negatives

not sure about the trees - too many

replace the pyramid rope

are there any toilets?

More benches by the agility run

give the older children more to do

don't overfill the area

the play-ship is too big

will there be enough room for the carnival?

Suggestions / questions

separate space for very young children - the the ship and sandpit should just be for the little children because they don't have much else

is there a football pitch?

More sket park equipment

benches should be more spread out

new goals

new toilets

it seems aa little bit overcrowded

mor ebemches

maybe some basketball hoops?

new paths

spread it out a bit more

could it include a cafe?

what is the supernova roundabout?

Are you getting rid of things in order to fit everything in?

will parts of the Rec be locked at night so people don't vandalise it?

will the park have plenty of lighting for the evening times?

we like the boat ship and the basket swing

a new roundabout would be good

we like the idea of the picnic area

could the toilets be made better

a rock wall was very popular

the zip wire seat needs replacing

can we have an all weather running area?

A trampoline floor would be good

machine for drinks

a dog area

embankment slide :) play ship: tyre swing  
climbing frame\*  
I want a tunnel please pretty please\*  
trampoline\*  
trampoline\*; 2.5m high curved embankment slide:)  
playship:) roundabout:( tunnel\*  
I really want a trampoline\*  
I would really like it if you could do a tunnel\*  
Zip Wire\*  
I really like the play ship\*  
underground trampoline pretty pretty please\*  
spring seesaw  
I want to have a airhop  
trampoline\* play ship:)  
2.5M high curved embankment slide :)  
playship :)  
I really like the pyramid meeting point  
tyre swing :)  
Tyre swing:)
